Executive Council leads capital's corporate community in overwhelming support of I PLAY SPORTS

I PLAY SPORTS
Start Playing. Prevent Diabetes.

Community Football Tournament
September 9–14 2008
Zayed Sports City, Abu Dhabi,
United Arab Emirates

Abu Dhabi, September 2008: The General Secretariat of the Executive Council (GSEC), the local executive authority of the Emirate of Abu Dhabi, is leading ten corporate community teams that are set to kick against Diabetes in the upcoming Ramadan football tournament to be held in the capital.

GSEC has given its full support to the seven-a-side tournament, dubbed I PLAY SPORTS, and is onboard as the tournament's Title Sponsor.

I PLAY SPORTS is the fifth activity of 'DIABETES.KNOWLEDGE.ACTION', the award-winning public health awareness campaign from Imperial College London Diabetes

The Specialist Diabetes Treatment & Research Centre LLC, Commercial Registration No. 87382

Centre (ICLDC), under the patronage of HH Shaikha Fatima bint Mubarak and in partnership with Emirates Foundation.

The community football tournament will run from September 9 over four evenings supported by the host venue, Abu Dhabi's Zayed Sports City, and Capitala.

Numerous leading brand names have followed GSEC's move and jumped onboard to play a role in the event. Mubadala, and Dolphin Energy are confirmed as joint Official Sponsors. Meanwhile, ALDAR is confirmed as the event's Platinum Sponsor, with Abu Dhabi Aircraft Technologies as Silver Sponsor and Injazat Data Systems as Bronze Sponsor. The Health Authority-Abu Dhabi and The Abu Dhabi Health Services Company (SEHA) are both named as Media Sponsors. The UAE's national airline, Etihad Airways, CCC and Exxon Mobil are all named as tournament Donor.

The ten teams, representing each of the sponsor companies plus ICLDC and Takatof Voluteers, will take part in the corporate community event which is geared to raise public awareness of Diabetes, and to highlight the positive effects of exercise in helping to combat the debilitating disease.

His Excellency Dr. Mugheer Al Khaili, Deputy Secretary General, GCSE said: "We recognise the need for such an awareness campaign in the UAE today as we look towards a bright future and the good health of our youth and children.

"I PLAY SPORTS is a fitting example of how the community can help raise awareness of the importance of exercise, and how regular exercise can help protect against Diabetes."

ICLDC's Consultant Endocrinologist and Medical & Research Director, Dr Maha Taysir Barakat said that it is important to lead at least a moderately active lifestyle.

"Team sport, such as football, is an excellent way of increasing physical activity, while also having fun," she said, adding that just 30-minutes of exercise, five days a week will significantly help in the fight against Diabetes. This includes a brisk walk for those unable to participate in a team sport.

"The I PLAY SPORTS Ramadan football tournament will help keep Diabetes in the spotlight, while drawing attention to the importance of exercise," Dr Maha said.

Diabetes is a condition currently affecting an estimated one in five people in the UAE, and nearly 250 million people, worldwide. However, what is not well-recognised is that regular exercise can protect people against developing type 2 Diabetes.

Notes to the Editor

About Imperial College London Diabetes Centre

The Imperial College London Diabetes Centre is a state-of-the-art specialised out-patient one-stop facility that specialises in Diabetes Treatment, Research, Training and Public Health. Located in Abu Dhabi (next to the Zayed Military Hospital), ICLDC allows the highest level of specialised patient care, from first diagnosis to the continued management of all complications associated with Diabetes.

Imperial College London holds a renowned history and expertise in the study of Diabetes, bringing one of the leading medical academic institutions in the world to Abu Dhabi as a core working partner. Under ICLDC practices, one of the Centre's primary objectives will be to provide continuing education for health professionals and the general public. For more details visit: www.icldc.ae

About Emirates Foundation

The Emirates Foundation, created in 2005, represents a unique, multi-sector effort to create a new range of opportunities for the people of the United Arab Emirates (UAE). Through philanthropic projects within our four core areas of interest, we seek to engage all individuals and groups in the UAE to usher in a new era of mutual achievement.

The four core areas for our work are: education; research & development; arts & culture; and social & environmental development.

All activities are designed to benefit the broader public, both directly and indirectly. In many cases, the success of our projects is dependent on large-scale public participation. Explore our website to learn more about the role that we play in our community. www.emiratesfoundation.ae

About The General Secretariat of the Executive Council (GSEC): Title Sponsor

In 1971, a Council of Ministers was formed in the Abu Dhabi Emirate by virtue of the provisions of Law No. (1) to reorganize the government apparatus. But in 1974, the said law was superseded and substituted with Law No. (1), which organized the government apparatus, renaming the "Council of Ministers" as the "Abu Dhabi Executive Council."

The Executive Council is the local executive authority of the Emirate of Abu Dhabi. It assists the Ruler to carry out his duties and powers.

GSEC is an administrative body entrusted to propose public policies and strategies to be decided on by the Executive Council. It also provides the Executive Council with support services including drafting and scheduling resolutions, preparing minutes, issuing and following up the execution of the Council's resolutions. <http://gsec.abudhabi.ae>

About Mubadala: Official Sponsor

Mubadala Development Company (Mubadala) is a Public Joint Stock Company headquartered in Abu Dhabi, capital of the United Arab Emirates. Its focus is on developing and managing an extensive and economically diverse portfolio of commercial initiatives. It does this either independently or in partnership with leading international organizations. Mubadala's commercial strategy is fundamentally built on long-term capital-intensive investments that deliver strong financial returns.

The company manages a multi-billion dollar portfolio of local, regional, and international investments, projects and initiatives. Through its investment and development projects, Mubadala is both a catalyst for, and a reflection of, the drive for economic diversification of the Emirate of Abu Dhabi. Its impact is evident domestically and internationally in sectors such as energy, aerospace, real estate, healthcare, technology, infrastructure, and services.

Mubadala's sole shareholder is the Government of the Emirate of Abu Dhabi. For more information about Mubadala, its partnerships and activities please visit www.mubadala.ae

About Dolphin Energy: Official Sponsor

Dolphin Energy Limited of Abu Dhabi, UAE, began gas production in Qatar in July 2007. The company's gas supply from Qatar to the UAE was gradually ramped up to attain the maximum throughput rate of 2 billion standard cubic feet of gas per day (scf/day) in February 2008.

This unique strategic energy initiative involves firstly the production of natural gas from Qatar's North Field and its processing at Dolphin's Ras Laffan Gas Processing Plant. Here, valuable by-products such as condensate, ethane, LPGs and sulfur are extracted from the gas for local and international sale – before transportation of the processed gas by subsea pipeline to the UAE.

The overall investment in constructing the entire Dolphin Gas Project – wells, sealines, processing plant, export pipeline and receiving facilities – has made it one of the largest energy-related ventures ever undertaken in the Middle East.

Dolphin Energy implements the Dolphin Gas Project on behalf of its shareholders Mubadala Development Company (an investment arm of the Government of Abu Dhabi), Total of France and Occidental Petroleum of the USA.

Dolphin Energy's overall objective is to create long-term economic wealth and new business opportunities for GCC citizens, far into the future. www.dolphinenergy.com

About ALDAR Properties: Platinum Sponsor

ALDAR Properties PJSC is a premier real estate development, management and investment company with headquarters in Abu Dhabi, UAE. ALDAR was established to create world-class real estate developments for Abu Dhabi, while providing stable and profitable investment portfolio for all our investors and stakeholders

ALDAR Properties PJSC is spearheading the development of Abu Dhabi; entrusted to create multi-billion Dirham civic projects to develop the capital, establishing new sectors for commerce, housing, retail and leisure. ALDAR's vision is to establish Abu Dhabi as the United Arab Emirates' most dynamic forward-thinking real estate market by creating unique and prestigious developments that can be used as a benchmark of quality, whilst adhering to the cultural and natural heritage of the city.

The company is owned by leading Abu Dhabi institutions, founder shareholders and individual investors. The current property portfolio includes major developments and re-developments within Abu Dhabi Emirate such as Central Market, Al Raha Beach, Coconut Island, Noor Al Ain, Al Gurm Resort, Al Mamoura - the Mubadala Development Company and Environment Agency Abu Dhabi Headquarter Building, and the YAS Island project which is to include a Warner Bros and a Ferrari theme park.

ALDAR's first international expansion was announced in August 2007 via a tie-up with South Johor Investment Corp (SJIC) in a deal that represents the largest foreign real estate development in Malaysia. This was followed in October 2007 with plans announced to build a mixed-use development in Kazakhstan. www.aldar.com

About Abu Dhabi Aircraft Technologies: Silver Sponsor

Headquartered in Abu Dhabi, the capital of the United Arab Emirates, Abu Dhabi Aircraft Technologies enjoys a 20-year-old history of aviation technical solutions expertise through its Gulf Aircraft Maintenance Company (GAMCO) heritage. Today, the company is the Middle East's leading independent third-party technical solutions provider with a strong regional customer base and an international client portfolio stretching from Iceland in the west to Sri Lanka in the east.

Abu Dhabi Aircraft Technologies is constantly evolving into a technically sophisticated, customer-oriented and flexible organisation with a 2,800 strong workforce accommodating customer requirements and adhering to stringent quality and safety protocols. The company is constantly

introducing new products and services in addition to tailor-made and bundled solutions such as its Total APU Support package – the first of its kind in the world.

Abu Dhabi Aircraft Technologies leverages a favourable cost base, a solid infrastructure and leading-edge technologies to be the logical partner of choice for airlines, air forces and freight operators seeking to outsource maintenance work to a reputable organization delivering world-class turnaround times and high quality services. www.adat.ae

About Injazat Data Systems: Bronze Sponsor

Established in the 1st Quarter of 2005, Injazat Data Systems LLC is an Information Technology and Business Services company that offers a wide range of managed services. It is focused on providing IT managed services to the oil & gas, utilities, financial services, government, transportation, telecom and healthcare sectors. Injazat is a joint venture of Mubadala Development Company and Electronic Data Systems (EDS).

Injazat aims to become the PREMIER information technology and business process managed services PARTNER in the Middle East. This will be achieved through Mubadala's comprehensive knowledge of the regional business environment combined with the delivery capabilities of EDS, making Injazat a local company with the experience of a global player.

Mubadala Development is a Public Joint Stock company, established and wholly owned by the Government of the Emirate Abu Dhabi. Its mission is to invest in commercially-viable, strategic, industrial and commercial partnerships.

EDS provides a broad portfolio of business and technology solutions to help its clients worldwide improve their business performance. EDS' core portfolio comprises Information Technology, applications and business process services, as well as Information Technology transformation services. EDS supports the world's leading companies and governments in 60 countries. www.injazat.com

About The Abu Dhabi Health Services Company (SEHA): Media Sponsor

The Abu Dhabi Health Services Company was recently launched on 29th December 2007 under Emiri Decree No. (10) Of 2007 and owned by the Government of Abu Dhabi. While the full name of the company is Abu Dhabi Health Services Company, the corporate name is SEHA. The word SEHA represents an English phonetic pronunciation and translation of the Arabic word for Health.

The Abu Dhabi Health Services Company (SEHA) is an independent, public joint stock company (PJSC) created to manage and develop the curative activities of the public hospitals and clinics of the Emirate of Abu Dhabi. The establishment of SEHA is part of the Government of Abu Dhabi's healthcare sector reform initiatives and represents another step in the realization of His Highness Sheikh Khalifa Bin Zayed Al Nahyan, President of the UAE's vision to provide the people of the UAE with the best healthcare facilities in the world, locally. www.seha.ae
